 <p>9/26/2018: Totes of chemicals and wastewater abandoned at the facility.</p>	<p>The next several photos are from an inspection of the SoloPower facility on 9/26/2018. These photos document some of the unused chemicals, non-hazardous and hazardous wastes, and wastewater abandoned at the facility. At this time, Tetra Tech had been hired to document all wastes and hire a contractor to dispose of it properly.</p> <p>Photos of the final inspection on 1/22/2019 are in the second half of this log.</p>
